

All operations of Halcyon and Liber Limited shall be planned and executed in such a manner as to minimize any adverse effect or impact on the environment in which we operate.

The trust of the planning and execution of our work shall be collectively handled and disposed of in an environmentally friendly manner.

In the course of our operation, waste generation shall be adequately controlled and managed. All wastes generated shall be tracked, collected, handled, treated (if necessary) and disposed of in an environmentally sound manner.

The emission to atmosphere shall be limited to the emission criteria of the client and Halcyon and Liber Limited's reference data criteria. Contaminated water or other liquid shall be contained within the plot area, treated and analyzed prior to authorized discharge.

The discharge of any form of pollutants into air or water bodies is strictly forbidden.

All regulations/legislation on environmental issues by the government of the Federal Republic of Nigeria and its appropriate agencies such as Federal Environmental Protection Agency (FEPA) is binding on Halcyon and Liber Limited.

The environment belongs to us all.

Signed for and on behalf of the Management.
